

New Source Review newspaper advertisements for construction permit applications, December 1, 2005. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: November 29, November 30, or December 1, 2005. Public notices are generally published every two weeks. The previous publication of public notices was November 15 – 17, 2005.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction of air contaminant sources as noted below. The proposed construction is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9th Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

The applicant is Vulcan Construction Materials, LP with a mailing address of P.O. Box 7, Knoxville, TN 37901. They seek to obtain an air contaminant permit (Division identification number: 03-0006-04/58592) for construction of a Generator at 8595 Highway 192, Holladay, TN 38341. This proposed operation would consist of a small diesel-powered generator to provide power for an existing pugmill used with the quarry. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. Robert Benjamin is the assigned Division person.

For the Benton County "Camden Chronicle"--published once on or before Thursday, December 1, 2005.

The applicant is Knox Energy, LLC with a mailing address of 132 Mitchell Road, Oak Ridge, TN 37830. They seek to obtain an air contaminant permit (Division identification number: 65-0047-04/58668) for modification of a Natural Gas Compressor Driver located approximately 5 miles on 116 N from Petros, TN. This existing operation consists of a 625 horsepower natural gas-fired engine used to compress natural gas for transport. The proposed modification is to replace the existing engine with a larger one. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants emitted by this source would increase. Ms. J. Aslinger is the assigned Division person.

For the "Morgan County News"--published once on or before Thursday, December 1, 2005.

The applicant is Vulcan Materials Company – Mid-South Division with a mailing address of P.O. Box 7, Knoxville, TN 37901. They seek to obtain an air contaminant permit (Division identification number: 70-

0043-02/58685) for modification of a Rock Crushing and Sizing Operation located at 142 Rock Road, Benton, TN 37307. This existing operation consists of crushers, screens, conveyors, and associated equipment used to produce crushed limestone aggregate. The requested modifications are to increase the throughput capacity of the facility and to eliminate one (1) screen and three (3) conveyors. There would be no physical construction. There would be an increase in regulated air contaminants emitted by this source. Mr. W. Medley is the assigned Division person.

For the "Polk County News/Citizen Advance"--published once on or before Thursday, December 1, 2005.

The applicant is Electrolux Home Products with a mailing address of 1100 Industrial Drive, Springfield, TN 37172. They seek to obtain an air contaminant permit (Division identification number: 74-0055-42/58293) for construction of a Floor Scrubbing Wastewater Evaporation Unit at the same address. This proposed operation would consist of an evaporation unit, settling chamber, and natural gas-fired (0.750 MMBtu/hr) oxidizer unit for emission control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. Younes Aleali is the assigned Division person.

For the "Robertson County Times"--published once on or before Thursday, December 1, 2005.

The applicant is Smyrna Ready Mix, LLC with a mailing address of 4472 Hickory Grove Road, Murfreesboro, TN 37129. They seek to obtain an air contaminant permit (Division identification number: 75-0554-01/58672) to modify a Concrete Batch Plant located at the same address. This existing operation consists of a dry powder cement silo, fly ash silo, conveyors, weigh batcher, and associated equipment used to produce transit mix concrete. The requested modification is to increase production output to 200,000 cubic yards per year. A fabric filter is used to control particulate (TSP) emissions. There would be no physical construction. There would be an increase in regulated air contaminants emitted by this source. Mr. W. Medley is the assigned Division person.

For the Rutherford County "Daily News Journal"--published once on or before Thursday, December 1, 2005.
